

## Teachers and Students Who Keep Giving to Their Community

**(John Wittenberg, Henry Wiebe, Ed Laidley, & Ron Sweeney)**

The Chalk Spots, all former teachers at Abbotsford Senior Secondary, captivated the audience at the Class of 1960 and 1961 reunion this past summer. This successful event left organizers with a surplus of funds, from which they generously created a bursary for graduates of the now named Abbotsford Collegiate Secondary.

Abbotsford Community Foundation will grant the Chalk Spots Award to an Abbotsford Collegiate graduate pursuing a career in education or fine arts at a post secondary institute. The Reunion Committee wishes to challenge all Abbotsford Senior Secondary Reunion Classes to join the 1960 & 1961 Reunion Committee to designate surplus funds from reunion events toward perpetuating the Chalk Spots Bursary.

The mission of the Abbotsford Community Foundation's Awards Program is to increase access to post-secondary education by soliciting, holding, administering, and investing gifts, bequests, and designated funds in order to award scholarships and bursaries to students graduating from participating public and private secondary schools in the City of Abbotsford.

The Abbotsford Community Foundation's Awards Fund exceeds \$2.2 million, making our fund among the largest of its kind in Canada. If you would like further information about making a contribution to the Chalks Spots Award or other funds, please contact Debbie Magson [debbie@abbotsfordcf.org](mailto:debbie@abbotsfordcf.org), or Abbotsford Community Foundation at 604-850-3755 or visit our website: [abbotsfordcf.org](http://abbotsfordcf.org).
