## INDEPENDENT AUDITORS' REPORT

To the Board of Directors of Abbotsford Community Foundation

We have audited the accompanying financial statements of Abbotsford Community Foundation, which comprise the statement of financial position as at December 31, 2016, the statements of revenue, expenses and fund balances, and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Abbotsford Community Foundation as at December 31, 2016, and its results of operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

#### Report on other Legal and Regulatory Requirements

As required by the Societies Act (British Columbia), we report that, in our opinion, the accounting policies applied in preparing and presenting the financial statements in accordance with Canadian accounting standards for not-for-profit organizations have been applied on a basis consistent with that of the preceding year.

Notes to the Financial Statements

Year ended December 31, 2016

#### General:

Abbotsford Community Foundation (the "Foundation") was established for the purpose of funding various charitable, educational, recreational and cultural organizations primarily in the Abbotsford area.

The Foundation is incorporated under the Society Act (British Columbia) as a not-for-profit organization and is a registered charity under the Income Tax Act (the "Act"), and as such is not subject to income taxes provided certain requirements of the Act are met.

#### 1. Significant accounting policies:

These financial statements are prepared by management in accordance with Canadian accounting standards for not-for-profit organizations. The Foundation's significant accounting policies are as follows:

#### (a) Basis of accounting and presentation:

The Foundation follows the restricted fund method of accounting for contributions, thereby recognizing contributions and investment income as revenue in the appropriate restricted funds as specified by donors. The fund classifications are:

#### (i) General

General - represents unrestricted contributions, unrestricted investment income, unrestricted fundraising proceeds, administrative fees charged to restricted funds, administrative expenses and community grants.

#### (ii) Restricted - Endowment

Restricted - Endowment represents funds that are permanently restricted either by the donor or internally by the Foundation; these funds must be maintained in perpetuity.

Administration fees are charged on the restricted funds in accordance with financial management policies of the Foundation.

#### (iii) Restricted - Other

Restricted - Other represent flow-through funds specifically designated by donors, as well as restricted investment income earned on the endowment funds.

Administration fees are charged on the restricted funds in accordance with financial management policies of the Foundation.

#### (b) Revenue recognition:

Contributions, including contributions of financial instruments and payments of insurance policy premiums, are recognized as revenue of the appropriate fund when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Investment income is recorded in the appropriate fund on the accrual basis.

Contributed services and materials are not recognized in the financial statements due to the difficulty in determining fair value.

Notes to the Financial Statements (continued)

Year ended December 31, 2016

#### 1. Significant accounting policies (continued):

#### (c) Life insurance policies:

Life insurance policies are valued at their cash surrender value. Proceeds from insurance policies in excess of their cash surrender value are recognized when the insurance proceeds are received.

#### (d) Capital assets:

Capital assets are recorded at cost less accumulated amortization. Amortization is provided on a straight-line basis using the following annual rates:

Computer equipment and software Office furniture and equipment

3 years

3 years

#### (e) Financial instruments:

Financial instruments are recorded at fair value on initial recognition. Freestanding derivative instruments that are not in a qualifying hedging relationship, and equity instruments that are quoted in an active market are subsequently measured at fair value. All other financial instruments are subsequently recorded at cost or amortized cost, unless management has elected to carry the instruments at fair value. The Foundation has elected to record its investments at fair value.

Transaction costs incurred on the acquisition of financial instruments measured subsequently at fair value are expensed as incurred. All other financial instruments are adjusted by transaction costs incurred on acquisition and financing costs, which are amortized using the straight-line method.

Financial assets are assessed for impairment on an annual basis at the end of the fiscal year if there are indicators of impairment. If there is an indicator of impairment, the Foundation determines if there is a significant adverse change in the expected amount or timing of future cash flows from the financial asset. If there is a significant adverse change in the expected cash flows, the carrying value of the financial asset is reduced to the highest of the present value of the expected cash flows, the amount that could be realized from selling the financial asset or the amount the Foundation expects to realize by exercising its right to any collateral. If events and circumstances reverse in a future period, an impairment loss will be reversed to the extent of the improvement, not exceeding the initial carrying value.

#### (f) Use of estimates:

The preparation of the financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the year. Significant items subject to such estimates and assumptions include the carrying amount of investments and grants payable. Actual results could differ from those estimates.

	\$ 10,512,263	\$ 10,089,142

<sup>(</sup>a) The life insurance policies held by the Foundation are restricted in designated funds.

#### 8. Other Restricted Funds:

On an annual basis the Board approves the portion of Other Restricted funds that is available for grants and student awards as per the Foundation's spending policy. The funds approved by the Board for grants and student awards is based on a percentage of gross investment revenue, net of administration fees. Accordingly, as at December 31, 2016, \$842,789 (2015 - \$550,614) of the Other Restricted fund balance is funds approved, but not yet distributed, for grants and student awards.

Notes to the Financial Statements (continued)

Year ended December 31, 2016

#### 9. Commitments:

The Foundation has a commitment related to a lease of office premises accounted for as an operating lease with minimum lease payments as follows:

	\$ 61,820

2020	13,488
2019	13,488
2018	13,488
2017	\$ 13,488

#### 10. Gifts-in-kind:

During the year, the Foundation received \$24,500 (2015 - \$76,774) of gifts-in-kind. Gifts-in-kind are recorded under contributions and represent gifts of investment securities and insurance policy premiums.

#### 11. Managed funds:

Managed funds are funds the Foundation invests on behalf of other charities. Per the agreements, these investments and their revenue are not owned by the Foundation and therefore, are excluded from the Foundation's investments. The Foundation charges the charities a 1.5% administration fee for this service.

#### 12. Financial Risks:

The Foundation manages its investment portfolio to earn investment income and invests according to an investment policy approved by the Board. The Foundation is not involved in any hedging relationships through its operations and does not hold or use any derivative financial instruments for trading purposes.

The Foundation manages interest-rate, market, credit and cash flow risk from its financial instruments by investing in a diversified portfolio.

Additionally, the Foundation believes it is not exposed to significant liquidity risk as all investments are held in instruments that are highly liquid and can be disposed of to settle commitments.

#### 13. Remuneration

For the fiscal year ending December 31, 2016, the Foundation paid remuneration of \$90,249 to one employee.

#### 14. Comparative information

Certain comparative information in the financial statements has been reclassified to conform to the presentation used in the current year. The changes do not affect prior year earnings.
